

**WHAT IS CLAIMED IS:**

Sub A

1. A holster for carrying a gun on an upper back of a wearer, comprising a sheath, a retaining cavity and a harness, wherein the sheath is adapted to fit on the back of the wearer such that the sheath extends across the upper back of the wearer.

5

2. The holster of Claim 1, wherein the harness is adapted to fit over the body/both shoulders/upper torso of the wearer.

3. The holster of Claim 2, wherein the harness comprises a first pair of straps and a second pair of straps.

10

4. The holster of Claim 3, wherein the first pair of straps extends over opposite shoulders of the wearer from an upper edge of the sheath and wherein the second pair of straps extends under opposite arms of the wearer from a lower edge of the sheath.

5. The holster of Claim 4, wherein the first and second pairs of straps are fixedly attached at the front of the body of the wearer.

15

6. The holster of Claim 4, wherein the second pair of straps is releasably attached to the sheath.

7. The holster of Claim 6, wherein adjustment means are located on each of the second pair of straps for adjusting the lengths of each of the second pair of straps.

20

8. The holster of Claim 7, wherein the adjustment means comprise cooperating hook and loop material.

9. The holster of Claim 4, wherein the second pair of straps is fixedly attached to the sheath.

FOI 2009-059226

✓ 10. The holster of Claim 1, wherein the retaining cavity is adapted to hold a handgun therein.

✓ 11. The holster of Claim 1, wherein the sheath is substantially rectangular in shape.

5 ✓ 12. The holster of Claim 1, wherein the sheath has a width of about 4 to 5 inches to produce broad area contact with the upper back of the wearer.

✓ 13. The holster of Claim 1, wherein the sheath is made of a flexible material.

10 ✓ 14. The holster of Claim 13, wherein the flexible material is elastic or an elastic-like material.

15. The holster of Claim 1, further comprising a holder for an extra magazine.
